Subject: Flags on Main Street Campaign

Dear Common Council Members:

I have been approached by a group of local Marine Veterans that would like to expand our flags down main street/Hwy 113 to Log Tavern Pizza and/or Lodi Street to Veterans Park.

The Veterans group would like to accomplish this goal, to have the additional flags up by the July 4th holiday.

I am asking for the Common Council's approval to extend the flags as mentioned above. Carl Deans is checking on the possibility of flags being added out to Log Tavern Pizza, as they would be placed on utility poles, not light posts. Not sure if this is even possible at this point. I do, however, believe that it's possible to add flags from the four corners to Lodi Street, to Sauk Street and stopping at the bridge at Veterans Park and Hwy 60.

I would appreciate your prompt response, as flags and poles will need to be ordered and all of this takes time.

Thank you for your consideration.
