8. Discussion on limited to no regulations on visibility into businesses through frosting of glass, substantial tinting of glass and window signage.

Tremlett discussed a recent sign review and lack of standard regarding visibility into businesses. Several members discussed other businesses downtown that have things in the window or inside the window that block visibility. Tonn noted it makes sense to him that the code does restrict the amount of window signage but does not think they want to police the amount of tint on the windows. All agree that the current standard is sufficient. No further request to amend the ordinance on this matter.

9. Update and Discussion on Zoning Administrator Report (zoning inquires or permits approved since the last meeting, on-going City project updates, and requests for future agenda items).

Tremlett went through the monthly report, dated October 2nd.

MSA Memo

To: Lodi Plan Commission
From: Stephen Tremlett, AICP, Zoning Administrator
Subject: Certified Survey Map, Parcel # 770.902 (Zero-lot-line Duplex)
Date: February 26th, 2026

Request

Applicant Barry Bodendein is requesting approval of a CSM for Parcel # 770.902, 638 Sunset Drive, to create a zero-lot line duplex. *Note: this building is under construction currently.*

Refer to attached application.

Background Information

This lot (shown below in red) is located at the corner of Sunset Dr. and Dale Dr. and is currently being developed by property owner Iron Gate Instruments LLC. The property is zoned R-3 (Multiple-Unit District). The applicant's proposal is to split the parcel at the common wall (identified below by the green dashed line). The new lots would be approximately 0.25 acres each, with 72 feet of frontage per lot on Sunset Drive. The units will be roughly 1,650 feet in floor area.

Zoning

- R-1: Single Family
- R-1A: Single Unit
- R-1B: Single Unit
- R-1C: Single Unit
- R-2: Single and Two Family
- R-3: Multi-Family
- PUD

Applicable Zoning & Development Code Regulations

- Chapter 300-12, Subdivision of Land, Certified Survey Maps.
- Chapter 340-29, R-3 Multiple Unit District.
- Chapter 340-66.1, Zero-lot-line dwelling unit construction.

Consistency with the City's Comprehensive Plan

The City's Future Land Use Map identifies the area as Neighborhood Residential. No comprehensive plan amendment is necessary to approve this application.

Impacts to Adjacent Properties

None identified, as this will not change the intended function or use of the property.

Consistency with the City's Zoning and Subdivision Code

The parcel is zoned R-3 Multiple Unit District, which allows ZLL (Zero-lot-line) duplexes as a permitted use. For 'Zero-Lot-Line' Duplex Lots, the following minimum standards apply and are met by the proposed CSM:

1. (MET) Minimum Lot Area: 4,500 Square Feet (per unit)
2. (MET) Minimum Lot Width: 42.5 Feet (per unit)
3. (MET) Minimum Setbacks
 - a. Front Yard: 20 Feet
 - b. Rear Yard: 25 Feet
 - c. Side Yard: 6 ft, except 0 feet on common wall
4. (MET) Minimum Floor Area Per Unit
 - a. 2+ Bedrooms: 1,000 Square Feet

For Zero-lot-line developments in all zoning districts, Lodi requires the developer to provide a signed agreement in recordable form between the owners of record specifying the following:

1. Maintenance standards for the common walls.
2. Maintenance and replacement standards for all exterior surfaces of the building.
3. Agreement to maintain a neat and harmonious appearance over time.
4. Maintenance standards for any common features.
5. Restrictions against construction of detached single-unit residences on any of the affected lots in the event either or all sides of the zero-lot-line constructed dwelling are destroyed.
6. Language ensuring the agreement may not be terminated, amended or otherwise altered without the approval of the Common Council.

The Applicant stated they will provide a draft 'Declaration of Covenants' prior to the meeting. Once the agreement is determined to meet all the conditions above, it will be signed and recorded along with the Certified Survey Map.

MSA Recommendation

If the Plan Commission recommends the Common Council approve the CSM, MSA recommends the following conditions as part of said approval:

1. The Certified Survey Map shall be recorded with the Declaration of Zero Lot Line, Maintenance and Restrictive Duplex Covenants at Columbia County Registry of Deeds. Such written agreement shall provide that it may not be terminated, amended or otherwise altered without the approval of the Common Council. Said agreement shall be subject to City Attorney approval and be recorded by the developer against all affected properties and continually maintained by the property owners.

Sincerely,
MSA Professional Services, Inc.

8. Lawn Maintenance. The Unit owners shall maintain the lawn which is located on each Unit owner's respective parcel in a neat appearance and shall keep all grass mowed on a timely basis in compliance with all applicable municipal ordinances. 13. Encroachment. If any portions of a Unit shall actually encroach upon any other Unit, or if any such encroachment shall hereafter arise because of settling or shifting of the building or other cause, there shall be deemed to be an easement in favor of the Unit owner of the encroaching Unit to the extent of such encroachment so long as the same condition shall exist.

14. Easements for Utilities. Each Unit owner shall have an easement over the real estate of the other Unit owner for purposes of maintaining water lines, sewer lines, natural gas lines, telephone lines, cable television lines and all other utilities which serve said Unit owner's Unit and which crosses over, under or through the real estate of the other Unit owner.

15. Construction Liens. Each Unit owner agrees to indemnify and hold harmless the other Unit owner for any construction liens arising from work done or materials supplied to make repairs or replacements to said Unit owner's Unit.

If a provision shall be deemed invalid, inequitable or unconscionable due to its scope or breadth, the provision shall be deemed valid to the extent of the scope or breadth permitted by law.

20. Governing Law. This Covenant shall at all times be construed by and subject to the laws of the State of Wisconsin, and the circuit courts of the State of Wisconsin shall have sole and exclusive personal and subject matter jurisdiction as to any action regarding this Covenant.

21. Paragraph Headings. The titles to the paragraphs in this Covenant are solely for convenience and shall not be used to explain, modify, simplify, limit or aid in the interpretation of the provisions of this Covenant.

22. Binding. This Covenant shall run with the land and shall be binding upon and inure to the benefit of the present and future Unit owners and their heirs, personal representatives, successors and assigns.
