

For 30 years, the Knowles-Nelson Stewardship Program has been protecting our lakes and streams, securing critical wildlife habitat, and providing world-class recreational opportunities.

Non-profit conservation organizations, local governments, and the DNR have made thousands of investments in land protection, parks, trails, campgrounds, and more.

BUT THERE'S MORE WORK YET TO BE DONE.

A renewed Knowles-Nelson Stewardship Program will help Wisconsin adapt to a changing climate, ensure that everyone has access to parks and green space, and will conserve critical areas that provide us with clean air and water.

THE KNOWLES-NELSON IMPACT ON LODI

OF PROJECTS

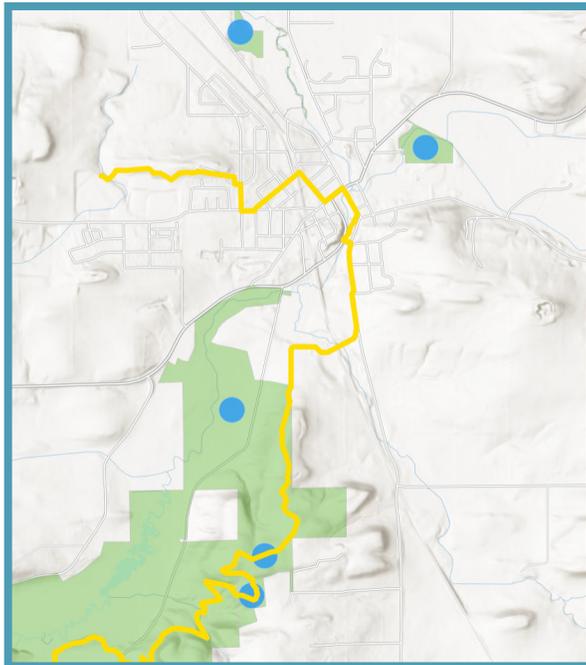

24

INVESTMENT

\$3,067,916

ACRES PROTECTED

480+

- › **\$1.39 MILLION** Wisconsin DNR - 200+ acres of Ice Age Trail corridor protection & permanent trail access near Lodi
- › **\$290,785** Ice Age Trail Alliance - 220+ acres of trail corridor protection & permanent trail access near Lodi
- › **\$36,000** Town of Lodi - 8 acres of land to establish Okee Community Park for outdoor recreation
- › **\$16,038** Town of Lodi - engineering & construction of the Okee Community Trail
- › **\$15,750** Lodi Marsh Wildlife Area - land protection & parking area repairs

Stewardship costs each Wisconsin resident just **\$11.00 each year**, less than a fishing license or state parks pass. And yes, **that includes debt service.**

Wisconsin's outdoor recreation economy provides **\$5.4 billion in wages** and contributes **\$11.2 billion** to the state's GDP.

Nature works for us every day. Knowles-Nelson lands **filter our air, clean our water, and protect against floods.** That's worth more than **\$2.5 billion every year.**
